

Do you have a passion for Environmental Issues?

Would you like to meet other Yr 5/6 students with the same interests and share your knowledge with them?

Then the **Interschool Environmental Camp** sounds perfect for you!!!!

Date: Tuesday 8th August to Wednesday 9th August 2017

Destination: Anglesea Recreation Camp-YMCA, Great Ocean Road, Anglesea

Schools Attending: Torquay College, Bellbrae Primary School, St Therese Primary School, and Aireys Inlet Primary School

Adults responsible: Emma Dukker (Torquay College)

Cost: \$135

Workshop Activities: Hands on native animal handling with Wildlife Xtreme, damper making using pedal power, bush hut building, night bush walk and animal spotting and more.

Aim: To bring student representatives from the Surf Coast region together to:

- Experience the beauty and uniqueness of their **local coastal environment**
- Find out about local **conservation** issues
- Become **leaders** in environmental change.

Through keynote speakers and hands on student led workshops, students will learn that:

- The local environment is made up of varying habitats, all of which are unique. These places support high levels of biodiversity which deserve protection
- **STUDENTS** are the ones to make a positive change.

Kids teaching kids workshops

Prior to camp, students from all schools, with help from teachers, will be responsible for developing workshops that highlight environmental practices within their own school or community. These can be in the form of information brochures, sustainable cooking, PowerPoint or other hands on activities. Their amazing ideas and knowledge will be presented at camp to other students.

Be the leader- make the change!!!

Expressions of interest stating why you would like to come to camp (signed by parents) must be submitted to Mrs Dukker by Friday 9th June. Numbers limited so be quick.
